Author Index—Volume 150 (2003)

Al-Kofahi, K., see Jackson, P. 239–290
Aleven, V.
Using background knowledge in case-based legal reasoning: A computational model and an intelligent learning environment 183–237
Ashley, K.D. and E.L. Rissland
Law, learning and representation 17– 58
Ashley, K.D., see Rissland, E.L. 1– 15
Bench-Capon, T. and G. Sartor
A model of legal reasoning with cases incorporating theories and values 97–143
Branting, L.K.
A reduction-graph model of precedent in legal analysis 59– 95
Jackson, P., K. Al-Kofahi, A. Tyrrell and A. Vachher
Information extraction from case law and retrieval of prior cases 239–290
Loui, R.P., see Rissland, E.L. 1– 15
McLaren, B.M., Extensionally defining principles and cases in ethics: An AI model 145–181
Rissland, E.L., K.D. Ashley and R.P. Loui
AI and Law: A fruitful synergy 1– 15
Rissland, E.L., see Ashley, K.D. 17– 58
Sartor, G., see Bench-Capon, T. 97–143
Tyrrell, A., see Jackson, P. 239–290
Vachher, A., see Jackson, P. 239–290
Verheij, B.
Artificial argument assistants for defeasible argumentation 291–324
